“A delight”

This is a just a lovely village/town. The high street is filled with beautiful old buildings. There is a great variety. The Main Street is wide with fantastic old mature trees. It is wonderful to idle through the array of old antique shops and stop for tea and scone in one of the many cafes.

“Unique”

Love wandering Tenterden high street. Always something new to see and exciting shops to browse. Lovely friendly feel to the place.

“Fantastic Christmas market ”

Visited the town on route to holiday in Rye. We enjoyed the christmas market with lots of stands. We had the most wonderful BBQ pulled pork burger. We were amazed in the great selection of shops the town has too. Wonderful town with great character.

“Great place to live”

The high street is always a friendly and attractive place to walk down, whether you are just browsing or shopping

“For a lovely walk, and some interesting shops, I would recommend a visit.”

Great independent shops, worth a trip out. Restaurants and shops are good, especially the Turkish restaurant Ozgur's.

“Little shops and a secret garden”

Tenterden High Street consists of little shops and various eating places. It is quite a busy street with the Church of St. Mildred just off the High Street. There is the Millenium Gardens which are situated between shops and easy to miss. One get stop there and rest a while between shopping.
