Introduction

This is the second edition of my list of Local Interest Groups (LIGs) including Clubs, Associations, Groups, Societies etc in or serving the interests of residents of Tenterden and the surrounding district. Most of the entries are unchanged from the first edition (September 2020) but a small number have been updated and a similar number of new entries have been added.

This Directory lists over 130 groups. I am sure that there are more that could be added. I have included some entries that are not strictly Local Interest Groups, such as fitness and sports groups, because they also contribute to the health of residents or to the rich fabric of our town.

Information in the Directory was originally compiled from a number of public sources, including the websites of individual groups, publicity material produced by groups, the MyTenterden website, and a questionnaire which I sent by email, post or hand to those local interest groups for which I could identify a contact point or a venue for their meetings. I was very much dependent on the information given to me and there may, therefore, be unintended errors or omissions in some of the directory entries. The outbreak of Codiv19 has precluded asking each group to edit their entry and, therefore, if you see something that is not right, please inform me so that I may ensure that it is updated in the next edition of the Directory. I am particularly keen to capture any changes to the long-term arrangements for LIG meetings as well as changes in the details of contacts and how to communicate with them.
